1. I appreciate your letting me have a record of the notifications referenced. I am sending you this note to confirm a discussion which I had with [REDACTED] orally that for the convenience of an orderly conduct of business for all concerned this notification, which I assume to be now a regular matter, should contain certain additional information. I suggested to Syd, and he agreed, as follows:

a. Some statement to the effect that HTAUTOMAT was capable of meeting the requests listed.

b. That the Air Force had requested or had not requested duplicate positives.

c. An indication which could be approximate as to how long in the light of the foregoing HTAUTOMAT felt it necessary to hold the original film prior to dispatch to Eastman Kodak for additional reproduction.

2. You may wish to give this further thought, and I will certainly be glad to talk it over, but I do feel that if your office would issue a one page report to all concerned, i. e., including the Services, you would be making a firm step toward eliminating existing uncertainties.
